Here's what I'm getting to:

If you have ever accused Israel of STEALING LAND then you are an ANTI-SEMITES.

Truth is, no land was ever stolen. In 1848 there were 4500 Jewish families in the Holy land who had been there since antiquity.

There were about 3000 Arab families also

All of them, ottoman citizens.

The actual number of arabs was larger, due to large numbers of Bedouin, who claimed no allegiance and were largely left to traverse the Fertile Crescent.

When Jewish immigrants started arriving in the late 19th century, they paid for every acre.

Outside of the old city. The Arabs sold huge tracts from the Mount of Olives to the King David Hotel, across to Ammunition Hill. Why?

Because they didn't want to live there!! It was the literal worst place on earth. Worse than (shudder) Sydney. Think of Afghanistan today. Horrid

Outside of the old city. The Arabs sold huge tracts from the Mount of Olives to the King David Hotel, across to Ammunition Hill. Why?

Because they didn't want to live there!! It was the literal worst place on earth. Worse than (shudder) Sydney. Think of Afghanistan today. Horrid

So then the 1st World War comes along. The AUSTRALIANS (and some eskimos or British or whatever) of the 10th Light Horse charge across the Negev and take Palestine from the Ottomans who had had enough and went home to rest, sleep, and quietly murder 1 million Armenian citizens..

There were about 3000 Arab families also

All of them, ottoman citizens.

The actual number of arabs was larger, due to large numbers of Bedouin, who claimed no allegiance and were largely left to traverse the Fertile Crescent.

When Jewish immigrants started arriving in the late 19th century, they paid for every acre.

The land in question was 'Terra Nullius', kinda like federal land. Ottomans were happy to sell it to someone who would do something with it. By about 1913, only 8% of the land bought had been bought from Arab owners, who were willing to sell. Arab families were advertising...

their land into Jewish publications across Europe. (I have an original 1896 ad advertising multiple large plots around Acre in a Antwerp jewellers catalogue!)

Around this time the Montifiore family started buying land, and picked up much of what we now call Jerusalem...
